

God Unlimited: In Daily Living, 2002, Norman P. Grubb, Zerubbabel Press, 2002

In God Unlimited Norman Grubb delves into ultimate reality - "the extreme, the absolute, the revelation...that there is only One Person in the universe, and that is God Himself." "What about things and people then?" The answer - "everything is a form of God, a manifestation of God." He explains what this startling conclusion means, and what it doesn't mean, standing on the Scriptures as his final authority. In chapters such as "God's Dilemma," "How Acquire Faith," "Spontaneous Living," and "Adversity or Adventure," Mr. Grubb explores the true nature of man and his sole function, God's two-fold redemption to rescue and restore His fallen creation, spontaneous living in the fourth dimension, and the privilege of membership in priesthood of the redeemed, through whom God continues His intercessory work on behalf of His creation. Mr. Grubb's desire was that this book "would appeal to persons of all walks of life, to the lowest and then to the most intellectual, to the Biblical scholar and also to the scientist, simple and yet to the depths of the Spirit." He builds God Unlimited on the sure foundation of "not God first but God only."
